EXPLANATORY NOTES, PART II.

The term "Entered for Consumption" is the technical term in use at the custom-house, and does not imply that the goods have been actually consumed in Canada, but that they have passed into the possession of the importer and that duty has been paid on that portion liable for duty.

The value given for goods imported is the fair market value thereof, when sold for home consumption, in the principal markets of the country whence and at the time when the same were exported directly to Canada.

The term "The Produce of Canada" includes all imported articles which have been changed in form or enhanced in value by further manufacture in Canada, such as sugar refined in Canada from imported raw sugar, flour ground from imported wheat, and articles constructed or manufactured from imported materials.

The term "Goods not the Produce of Canada or Foreign Produce" applies to the exports of foreign goods which had been previously imported.

The value of "Goods the Produce of Canada" is their value at the time of exportation at the ports of Canada whence shipped.

The value of "Goods not the Produce of Canada" is the actual cost of such goods.

The initials N.E.S. mean "not elsewhere specified."

" N.O.P. mean "not otherwise provided for."

The expression "Ton" means two thousand pounds, and "Cwt." one hundred pounds.

The expression "Standard hundred," when applied to deals, means 2,750 feet board measure.

The expression "Ton," applied to square timber, means 40 cubic feet.

EXPLANATORY NOTES, PART III.

The term "Entered for Consumption" is the technical term in use at the custom-house, and does not imply that the goods have been actually consumed in Canada, but that they have passed into the possession of the importer and that duty has been paid on that portion liable for duty.

The value given for goods imported is the fair market value thereof, when sold for home consumption, in the principal markets of the country whence and at the time when the same were exported directly to Canada.

The term "The Produce of Canada" includes all imported articles which have been changed in form or enhanced in value by further manufacture in Canada, such as sugar refined in Canada from imported raw sugar, flour ground from imported wheat, and articles constructed or manufactured from imported materials.

The term "Goods not the Produce of Canada" or "Foreign Produce" applies to the exports of foreign goods which had been previously imported.

The value of "Goods the Produce of Canada" is their value at the time of exportation at the ports of Canada whence shipped.

The value of "Goods not the Produce of Canada" is the actual cost of such goods.

The initials N.E.S. mean "not elsewhere specified."

The initials N.O.P. mean "not otherwise provided for."

The expression "Ton" means two thousand pounds, and "Cwt." one hundred pounds.

The expression "Standard hundred," when applied to deals, means 2,750 feet board measure.

The expression "Ton," applied to square timber, means 40 cubic feet.

Ottawa.

SIR,—I beg to transmit by registered mail my annual report, "Production of Binder Twine for calendar year, 1916."

The manufacturers of binder twine and cordage have taken care of large orders, and their factories have been employing a large amount of labour and running to their full capacity.

The binder twine manufactured has been of a high standard in all grades, and has given excellent satisfaction in all districts.

The amount of twine manufactured, in tons, was 12,935.

The firms manufacturing binder twine and cordage are as follows:—

The Consumers Cordage of Montreal and Halifax.

The Plymouth Cordage Co., of Welland, Ont.

The Brantford Cordage Co., of Brantford, Ont.

All of which is respectfully submitted.

I have the honour to be, sir,
Your obedient servant,

SAMUEL POLLARD,
Acting Inspector of Binder Twine, etc

ANNUAL REPORT OF MR. SAMUEL POLLARD, ACTING SUPERVISOR
OF CRUDE PETROLEUM BOUNTY CLAIMS.

PETROLEA, ONT., January 29, 1917.

F. C. T. O'HARA, Esq.,
Deputy Minister,
The Department of Trade and Commerce,
Ottawa.

SIR.—I have the honour herewith to transmit by registered mail the annual report of the "Production of Crude Petroleum for the calendar year of 1916," viz.:—

The production of crude petroleum for this year is somewhat less than the preceding year; this can be accounted for in two ways, the scarcity of proper help in one instance and the very high price of tubing and coal in the other.

The price for the year has been good, as per detailed slip enclosed. I look for much higher prices for the ensuing year, as I do not look for any falling-off in price to speak of while the war lasts.

There has not been any great amount of drilling for the year, but there has been some drilling at Thamesville in the Bothwell section; also some oil has been got at a shallow depth. As to the stability of the field I will be able to report later as they have only made one claim for bounty as yet.

There have been nine wells drilled in the township of Brooke, Lambton district, and they have also made one claim for bounty, and had a good production for November and December. I will be able to report as to the stability of this field when it has been in operation longer.

The production for the year is 6,890,681 gallons.

All of which is respectfully submitted.

I have the honour to be, sir,
Your obedient servant,

SAMUEL POLLARD,
Acting Supervisor of Crude Petroleum Bounty Claims.

GOLD AND SILVER MARKING ACT, ADMINISTRATION OF.

ANNUAL REPORT OF MR. W. J. RYAN, INSPECTOR UNDER GOLD AND SILVER MARKING ACT.

TORONTO, December 31, 1916.

F. C. T. O'HARA, Esq.,
Deputy Minister,
The Department of Trade and Commerce,
Ottawa.

SIR,—As inspector under the Gold and Silver Marking Act of Canada, I beg to report the operations of the said Act for the year ending December 31, 1916.

It is gratifying to know that the policy of the Department of Trade and Commerce in administering the Act has produced results anticipated only by the most optimistic in the trade.

In 1911–12 the department was very considerate to make allowances for those who unknowingly failed to comply with all the requirements of the Act, and made it known to them that they were cognizant of what irregularities existed and requesting better observance of the Act.

In 1913, the Act was more rigorously enforced, and thirty convictions were registered. In 1914 there were sixteen convictions; in 1915 fifteen convictions, and this year there were but six convictions, and four of them were against transient traders. It is evident, therefore, that greater heed is being paid to the requirements of the Act by the reputable dealer established in Canada. The transient traders in the jewellery business are finding it more difficult to carry on the business they did formerly, and their numbers are growing less every year.

Of the two convictions other than the four mentioned, one was under section 11 of the Act which refers to silver electro-plated ware, and applies to ten manufacturers in Canada, nine of whom have conformed with every clause of the section. To do so, some went to considerable expense, but they felt that by so doing they would be compensated with an increase of trade resulting from the increased confidence of the public in their wares. The one exception was a manufacturer who refused to comply with section 11, subsection 7, and persisted in applying a trade mark containing the word "silver" to electro-plated ware manufactured by him. This offender was brought into court and convicted; the case has been appealed, and is now pending in the Divisional Court.

If section 11 is not upheld by the courts, it will undo the work that your department has been pursuing with diligence; that of keeping out of Canada a class of silver-plated ware that had no merit other than a catchy trade-mark or name applied to it, a mark that would convey the impression of superiority.

There are a hundred or more manufacturers of silverware in England, all of whom apply their names to articles made by them, and rely on the merit of their wares to make their name reputable and bring them increased trade; and in this age of veneer, merit is bound to tell. In the United States, with but a few exceptions, the practice is to apply such marks to their wares as will bring quick returns; marks such as "Superior Silver Co.," "American Silver Co.," "Royal Silver Co.," "Imperial Silver Co.," "Peerless Silver Co.," etc.

It is a source of gratification to report that the manufacturers of silverware in Canada, with but the one exception, prefer to emulate the English manufacturer.

SESSIONAL PAPER No. 10c

The remaining conviction was for applying a trade-mark not registered at Ottawa as required by the Act, and in this connection it might be mentioned that though there was no effort made to derive revenue from fines, the number of trade marks registered at Ottawa since the enforcement of the Act is about five hundred, and the revenue from this source is considerable.

I have the honour to be, sir,
Your obedient servant,

W. J. RYAN,
Inspector under the Gold and Silver Marking Act.

INSPECTION OF CERTAIN STAPLE ARTICLES OF CANADIAN
COMMERCE INSPECTED UNDER PROVISIONS OF CHAP 85
REVISED STATUTES OF CANADA AND AMENDMENTS
THERE TO.

Before proceeding to tabulate the inspection of the different commodities dealt with in this Act, it is deemed advisable to make reference to an important amendment to same, known as chapter 36 of the statutes of 1914.

It provides for certain markings on barrels, bags and packages of flour, cereals and feed, and the weights per bushel and bag for vegetables, and its provisions apply to all Canada.

With respect to *Feed* due provision is made to ensure that the purchaser shall get what he is paying for. The proportion of the different ingredients which go to make up the weight of the bag must be marked thereon.

Over 300 letters have already been written in response to persons and companies making inquiries about the application and scope of this Act, (Chap. 36).

The principal sections concerning flour, cereals and feed are as follows:—

“**164.** Every barrel or half-barrel of flour, meal, rolled oats or rolled wheat, packed for sale, shall, by painting or branding on one end thereof, be plainly marked:—

“(a) with the initials of the Christian name and the surname at full length of the packer or the person for whom such barrel or half-barrel is packed, and with the place of business of such packer or person; or, where such barrel or half-barrel is packed by or for a copartnership or incorporated company, with the firm name of such copartnership or the corporate name of such company and with the place of business of such copartnership or company; and,

“(b) with the brand and weight of the flour or meal therein contained; and,

“(c) with the tare of the barrel or half-barrel.”

“**164A.** Every bag, sack or similar package of flour, meal, rolled oats, rolled wheat, or feed shall be plainly marked.—

“(a) with the initials of the Christian name and the surname at full length of the packer or person for whom such bag or package is packed, and with the place of business of such packer or person; or, where such bag, sack or other package is packed by or for a copartnership or incorporated company with the firm name of such copartnership or the corporate name of such company and with the place of business of such copartnership or company; and,

“(b) with the brand and the weight of the contents of the bag, sack or package;

ANNUAL REPORT OF MR. ELZEAR COTE, CHIEF INSPECTOR OF
HIDES—QUEBEC.

F. C. T. O'HARA, Esq.,
Deputy Minister,
The Department of Trade and Commerce,
Ottawa.

SIR,—I have the honour to transmit my report for the year ending December 31, 1916.

During the year I investigated thirty-six complaints, covering, 3400 hides and, outside of Quebec, nine of the investigations were held as follows: Montreal 1, Three Rivers 1, Ste. Marie, Beauce 1, St. Malo 3, Nicolet 2, Limoilou 1.

On three occasions I visited Montreal, once, as above referred to, to adjust a dispute between the inspector and the tanners, and upon a reinspection by the two former and myself, the inspector's branding was found to be correct, and the tanners paid my expenses.

The other two visits were in connection with the removal to a central point in Montreal of the inspector's office, which was finally accomplished on the recommendation of the Board of Trade.

This, on the whole, is a summary of my work for the year just closed.

I have the honour to be, sir,
Your obedient servant,

ELZEAR COTE,
Chief Inspector of Hides.
